Style Consultations

Discover the art of illusion through the use of lines and designs that flatter your figure!

A style analysis session will show you how to accentuate the positive and eliminate the negative. An evaluation is done of your facial features, body type and personality through pictures and a questionnaire. Fun and innovative personality tests are given to gain a better understanding of wardrobe personality, and harmonizing your inward and outward appearance. You will learn that dressing who you are builds self-confidence and beauty.

With online sessions, three full length pictures will need to be sent or emailed (front and side and back shots). I also need a face photo.

On Line Style Session includes:

- Illustrated Style book customized to you and a portfolio with information on styles for:
 - Hairstyles
 - Jackets
 - Necklines
 - Skirts and Slacks
 - Fabric and Prints
 - Jewelry
 - Complete Personality Style Profile (4-5 pages)

- Individual - \$195 (plus \$10 shipping and handling)

NOTE: These sessions may require further information in which case you will be getting a personal call to confirm, verify or clarify data.
